LSFD News:

OES 8331 was out on two strike teams since the last meeting. This included a pre-proposition assignment in Redding and a 1 week strike team that spent the majority of the time in Oroville on the Swedes Fire.

Engine 3112 and 3118 also spent time on numerous fires from the lightning event we had on September 5th. Three of these fires are reimbursable. During this very busy week there was a time when Lake Shastina Fire had resources on three different fires and a medical aid in the district all at the same time. This is an incredible feat considering most departments in our county struggle to staff resources on one fire. I cannot thank our volunteers enough for their dedication to our department. The morale is at an all time high with LSFD.
