Many homes in Lake Shastina are painted in earth tones with dark letters. These are very difficult for police officers and fire fighters to find at night. The Lake Shastina Police Department is offering metal address signs with reflectorized numbers that we will install in front of your home. The cost is \$50.00 to cover the cost of the materials.

Please fill out and mail or bring into the Police Department with \$50.00 cash, check or money order. If paying with check, please make checks payable to Lake Shastina Community Services District. (LSCSD):
